

Feb 26, 2025 · The program will be led by the Energy Research Institute @ NTU (ERI@N) to develop AI-driven tools that can improve investment decisions, enhance system stability ...

Apr 29, 2025 · Did you know a typical construction site can burn over 1,000 litres of diesel daily? At Grand Dunman, a new residential project in ...

Nov 16, 2025 · The energy sector is rapidly transforming towards sustainability, creating high demand for professionals skilled in renewable energy, smart grids, and energy storage. Global ...

Aug 6, 2025 · As Singapore advances toward its net-zero goals, progress will depend on both effective policy and smarter infrastructure combined with data-driven energy strategies. At ...

Feb 26, 2025 · The program will be led by the Energy Research Institute @ NTU (ERI@N) to develop AI-driven tools that can improve investment ...

Feb 25, 2025 · Nanyang Technological University, Singapore (NTU Singapore) and Trinasolar, a global smart photovoltaic (PV) and energy storage solutions provider, are collaborating to ...

3 days ago · From renewables to innovative energy and urban solutions, we play our part in creating a sustainable and low-carbon future across Asia ...

Feb 2, 2023 · Singapore has surpassed its 2025 energy storage deployment target three years early, with the official opening of the biggest battery storage project in Southeast Asia. The ...

Jan 22, 2025 · A more efficient way to power operations Peak shaving is a smart energy management strategy employed to reduce power ...

Jul 14, 2022 · A large-scale battery system has been installed in Singapore as part of a project to increase energy efficiency at and reduce emissions ...

Jun 11, 2024 · The Energy Market Authority (EMA) has commissioned a new Energy Management System (EMS) with advanced tools and capabilities ...

Singapore's First Utility-scale Energy Storage System Through a partnership between EMA and SP Group, Singapore deployed its first utility-scale ESS at a substation in Oct 2020. It has a ...

Feb 25, 2025 · Nanyang Technological University Singapore (NTU Singapore) and

Singapore Smart Energy Storage System

Chinese solar photovoltaic (PV) module-maker Trinasolar have partnered to advance AI-powered smart ...

To cater to potential demand for renewable energy sources and maintain reliability in a distributed energy landscape, we have piloted the Distributed Energy Management System (DERMS) to ...

Feb 25, 2025 · NTU and Trinasolar, a global smart photovoltaic (PV) and energy storage solutions provider, are collaborating to develop smart energy storage systems (ESS) to enhance ...

Nov 7, 2024 · They have appointed Singapore-based decarbonisation platform operator Univers and power generator and retailer PacificLight ...
